LIGHT
....sells for you!

Bright light brings customers to you, makes folks buy more readily. It's a silent, helpful salesman day and night.

And here's the big news today—you may be able to have a brighter, busier store—without spending any more money.

Our Lighting Men are experts in brightening stores with a minimum of expense. They may suggest very simple measures such as a re-arrangement of fixtures, cleaning globes regularly or economical new lights.

These Lighting Experts are service men—not salesmen. Call on them to help you brighten up for better business.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1936 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 21 to 52, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 53 to 626. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 629 to 749. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 753 to 827. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an

invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

The Raleigh Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

RALEIGH

**WHERE CLIMATE, CULTURE, EDUCATION AND BUSINESS
UNITE IN MAKING A PROGRESSIVE CITY**

**(Facts and Information Compiled by the Raleigh
Chamber of Commerce)**

Statistical Review

Form of Government—Commission.

Population—Raleigh, 37,379; Raleigh Township, 43,182; Wake County, 94,757 (1930 U. S. Census). Present estimate for Raleigh, 40,000.

Location—In the center of North Carolina, on Federal Highways 1, 15A, 64 and 70.

Area—7.5 square miles.

Altitude—363 feet above sea level.

Temperature—Almost ideal, practically never reaching zero in winter, and practically never reaching 100 in summer.

Parks—13 park areas.

Museums—State Museum of Natural History, one of the largest in the South; State Hall of History.

Assessed Valuation—\$42,750,000.

Postal Receipts—\$489,227.81 (1935).

Telephones in Service—9,007.

Churches—48, representing leading denominations.

Building and Construction—Average annual value of building permits from 1925 to 1930, \$3,000,000.

Industry—39 manufacturing establishments, employing 1,156 workers, with products valued at \$3,931,695 annually.

Trade—Retail area has radius of 25 to 50 miles, and population of 650,000. Volume of retail trade (1933 U. S. Census), \$14,246,000. 76 wholesale establishments, with annual business of \$22,085,888 (1930 U. S. Census).

Newspapers—2 dailies, 3 weeklies, 3 monthlies, and 1 quarterly.

Auditoriums—Raleigh Memorial Auditorium and Convention Hall, with seating capacity of 4,000 persons.

Radio Stations—5,000-watt station, one of the best in the South.

Hotels—10, with total of 1,097 rooms.

Railroads—Raleigh is the only North Carolina city served by three of the four principal railroad systems of the state: New York-to-Florida line of the Seaboard Air Line; the Norfolk Southern, and the Southern.

Highways—Raleigh is on the following hard-surfaced State Highways: Nos. 10 and 90, the two leading cross-state east-and-west highways from the mountains to the sea; and Federal highways Nos. 1, 15A, 64 and 70, carrying a large volume of tourist traffic.

Hospitals—4 public.

Education—6 colleges, representing a capital investment of \$7,248,000, with 428 teachers and officers, and total 1936 enrollment of 3,515. Annual payroll to college staffs, \$722,556. 18 preparatory schools, including 2 high and 1 parochial. Number of pupils in public schools, 9,500. Value of public school property, \$2,823,000.

Public Libraries—State Library and Olivia Raney Library, with total of 83,682 volumes.

City Statistics—Total street mileage, 90, with 75 miles paved. Number of gas meters, 3,799; light meters, 9,922. Daily pumping capacity of water works (municipal), 7,000,000 gallons from both the main and auxiliary sources of supply; average daily consumption, 3,002,322 gallons; miles of mains, 115; number of connections, 8,930; value of plant, \$1,875,000. Fire department has 56 men, with 5 stations, 573 hydrants, and full motorized equipment valued at \$100,000.

Wake County Statistics—Area, 824 square miles; population, 94,757 (1930 U. S. Census); number of farm families, 7,153; estimated value of crops in 1935, \$10,000,000; value of farms, \$20,140,000.

State Government—North Carolina State departments and institutions in Raleigh have 2,213 employees, with annual payroll of \$2,777,746.04.

Notable Facts in Raleigh's March of Progress

A 53.1% increase in population as shown by the 1930 U. S. Census.

Construction work in Raleigh of all types for 10 years through 1930, represented an outlay of \$30,000,000, an average of \$3,000,000 annually.

Investments in buildings and equipment of colleges and schools have grown from \$3,400,000 to \$7,500,000. During the past ten years the student enrollment in the six colleges has increased from 1,352 to 3,481.

A first-class radio station carrying both chain and local programs has been provided by the Durham Life Insurance Co. A new transmitter plant has recently been completed. The power of the station has been increased from 1,000 to 5,000 watts.

A fine municipal airport has been provided. It is one of the best in the country. Raleigh is one of the regular stops on the New York-South American Air Line.

The North Carolina State Fair, with a group of handsome buildings, enlarged under State ownership and operation, is conducted annually.

Wake County provided a bond issue of \$1,300,000 expended to complete the hard-surfacing of all important through highways in the county, in the interest of both local and tourist trade.

If Raleigh makes the same rate of growth in the next ten years that it made in the last ten, 1940 will find it with 57,905 people. Even the average rate of growth for the last three decades would give the city nearly 53,000.

Raleigh—Old and New

Raleigh, established, bought and paid for March 31, 1792, as the chosen capital of North Carolina, was the consummation of a well-laid and definite plan. The construction of the first capitol building was begun in 1793 and fin-

ished in Nov., 1794. Destroyed by fire in 1831, it was then replaced by the present State Capitol, one of the most beautiful in America.

For a hundred years Raleigh had a slow but steady growth. With the coming of the Twentieth Century the city blossomed forth with new vigor and all-around progressiveness.

In 1907 the completion of the Masonic Temple marked the coming of modern fireproof buildings, and then came 1911-1915, the handsome State Library, Supreme Court and Historical Commission Building; the Citizens, Commercial and Raleigh Banking & Trust Co. buildings, and the modern and spacious City Auditorium—indicative of Raleigh's new spirit. Many people, when asked when Raleigh began to grow, reply, "When it built the Auditorium." The latter fixed it as "the convention city of the state" for all the greater public gatherings. The end of the World War brought about another period of extensive development and then came the new State Hospital, the new State School for the Blind, the Agricultural Department building, the beautiful D. H. Hill Library building and other new structures of the North Carolina State College of Agriculture and Engineering; the Odd Fellows building; the new plant of Meredith College; the Morson and Broughton high schools, modern and fireproof; Sir Walter Hotel; the Professional Building; the Carolina Hotel; the Capital Club's new twelve-story office building, and many other structures, in addition to extensive street paving and municipal improvements, and the advent of North Carolina's great highway construction program.

A Center of Education

Raleigh, with six colleges and an excellent public school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are 30 major buildings in the plant. It has an enrollment—constantly growing—of 1,700 in 1936. It embraces four schools—Agriculture and Forestry, Engineering, Science and Business and Textile.

Meredith College, a Baptist college for women, was opened in 1899. For many years it was located near the Capitol and now occupies a modern plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music. The enrollment in 1936 is 500.

St. Mary's School and Junior College is owned by the Episcopal Church of the Carolinas. The highest standards are maintained with all academic courses fully accredited by the Southern Association. The annual sessions offer the students thirty-five weeks of classroom work. An average of twenty states are represented in annual enrollment.

Peace, a junior college for women, owned by the Presbyterians of North Carolina, was opened in 1872. It offers standard and general junior college courses, college preparatory courses, and special courses in art, music, home economics, and commercial subjects. A number of modern buildings have been added recently and the enrollment has grown rapidly.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of \$1,300,000. It is a standard high school and the only one of its type in the U. S. with this rating. It specializes in vocational training.

The well-equipped and modern public school system of Raleigh has 18 buildings, including two high schools.

King's Business College and Hardbarger's Secretarial School are two well-organized colleges here for business training.

St. Augustine's College (Episcopal) for colored men and women was opened in 1868. It includes the Bishop Tuttle School and the St. Agnes Training School for Nurses. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb was established in 1868. A new plant erected at a cost of \$250,000, is located on Highway No. 10, three miles southeast of the city.

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The university has 11 buildings. Degrees of A.B. and B.S. are conferred.

Raleigh's Commercial Advantages

Raleigh is both a distributing and trading center for a large territory. It is neither east nor west in North Carolina. It stands at the crossroads logically situated to serve economically a wide area, with ease of access to the industrial Piedmont and to the agricultural eastern section.

Its rapid development as a wholesale center is emphasized by the fact that there are 72 such establishments here doing an annual business of \$22,000,000. For the same reason that it is a good wholesale center, it is also rapidly increasing as a location for headquarters offices to serve both this and adjoining states.

Nine large, modern fireproof office buildings provide more than 1,000 offices.

One of the city's greatest assets is its transportation facilities. It has the advantage of having three separate railroads—it is located on the main line of the Seaboard Air Line from New York to Florida, on the Southern connecting with its main line from New York to New Orleans, and the main line of the Norfolk Southern. Twenty-six passenger trains pass in and out of the city every twenty-four hours. With its central geographical location, it is important to the manufacturing cities of the North and East. The Carolina Coach Co. and the Greyhound Lines operate 98 buses in and out of the city daily. These lines and their connections cover the entire state on convenient and regular schedules, as well as providing service to many points north and south. There are 2,000 miles of hard-surfaced roads within a hundred-mile radius.

Raleigh is the headquarters of the Carolina Power & Light Co., which supplies current to 240 cities and towns in North Carolina and South Carolina. The rates in Raleigh and other communities served by this company are in line with the lowest obtained in the South, and for large consumers very attractive rates are offered. Over a ten-year

period the Carolina Power & Light Co. has increased its electric horsepower of generating capacity from 120,000 to 333,000.

Gas is supplied by the Raleigh Gas Co., offering a splendid service and reasonable rates. The number of consumers is 3,799.

The city water pumping capacity is 7,000,000 gallons per day (24 hours), and the consumption is 3,002,322 gallons. Many improvements have been made to provide an adequate supply for present and future needs, including a new pumping station, reservoir, filtration plant and water lines.

Raleigh is an insurance center. It is the home office of four insurance companies, all of which are rapidly growing. These companies are the Durham Life Insurance Co., Occidental Life Insurance Co., North Carolina Home Insurance Co. (fire), and the Atlantic Fire Insurance Co. Many of the larger insurance companies of the country, including fire, life, health and casualty companies, maintain headquarters or general state agencies in Raleigh. There are 786 officers and employees in the insurance companies here. The annual payroll is \$1,396,200.

The city is in the center of a rich farming country, producing a great variety of crops, including corn, cotton, small grain, tobacco and truck. The Department of Commerce shows the value of farms in Wake County to be \$20,140,000. It ranks among the few highest in the state. An adjoining county, Johnston, with a farm value of \$22,925,000, leads the state.

What to See in Raleigh

As a center for tourists during the winter months, Raleigh, located at the forks of two national highways, has become a city of prime importance. Some indication of this is reflected in the hotel registration, which averages from 35,000 to 50,000 during the fall, winter and spring months. The city abounds in historic traditions, and the thousands of visitors enjoy the following places of interest—Historic old State Capitol Building, famous for the beauty of its architecture; State Museum and Temporary Art Museum; State Hall of History; four famous colleges: North Carolina State College of Agriculture and Engineering, Meredith College, Peace and St. Mary's; President Andrew Johnson's Birthplace (in Pullen Park, near State College); four points of special beauty: Christ Church; Dix Hill, Country Club and Federal Cemetery; Carolina Pines, a well-known recreational center, located two miles south of Raleigh on Federal Highway No. 15A; Governor's Mansion and Grounds; public libraries: State Library, Raney Library (with children's section), open to public all day; institutions for Negroes: Shaw University and St. Augustine's College.

Monuments and public memorials on Capitol Square and in State Department buildings include a replica of Houdon's famous statue of George Washington, and memorials to the following North Carolinians: Senator Z. B. Vance, Governor Charles B. Aycock, Dr. Charles D. McIver, Henry L. Wyatt, Worth Bagley, "O. Henry" and Chief Justice Ruffin.

Raleigh—A Good Place to Live

Raleigh is a city of the new South, which combines old Southern charm with modern enterprise and progressiveness.

Raleigh is recognized as one of the best cities of residence in the Southeast, offering an exceptionally wide variety of recreational advantages. The Carolina Country Club has a splendid 18-hole golf course. The Raleigh Golf Association also has a well-developed public 18-hole golf course. Carolina Pines, a recreational and resort development, is located near Raleigh. It has an 18-hole golf course and other recreation facilities. The equipment includes a hotel, clubhouse and two first-class eating places.

There are four well-equipped and up-to-date picture houses.

Raleigh is exceptionally well cared for in hotels. There are ten hotels, with a capacity of 1,097 rooms. This includes such hotels as the Sir Walter, Carolina, Bland, Raleigh and Mansion Park.

Raleigh is recognized as the convention city of North Carolina. This is substantially borne out in the fact that this city entertains an annual average of 50 state and interstate conventions and meetings.

The six luncheon clubs of the city and the Woman's Club, a civic organization, contribute to the fine community spirit here. These organizations are: Rotary, Lions, Kiwanis, Civitan, Exchange and Business and Professional Women's clubs. The Raleigh Junior Chamber of Commerce co-operates in civic enterprise.

Raleigh is beautifully situated. Its climate is equable. Its broad and beautiful streets seem to have been laid out with foreknowledge of an automobile age. It is a wholesome, democratic city where the wealth and prestige of no one man or no one family dominate the rest, but where the enterprise and progressiveness of the great mass of the business and professional men are making the city great and will make it yet greater.

Chamber of Commerce

The Raleigh Chamber of Commerce is a substantial well-organized and representative body. The membership co-operates in a wide variety of activities in commercial development. A function of particular importance is the information service. Inquiries are given careful and prompt consideration and visitors always welcomed.

Offices in Sir Walter Hotel Bldg., 17-19 W. Davie St.

Good Light *makes the difference*

BRIGHT stores make customers cheerful, eager to buy.

¶ Bright counters show your merchandise to best advantage. Foods look appetizing; wearing apparel looks smart. Everything in stock says, "Buy me!"

¶ Dead stock comes to life when the handicap of dull light is removed.

¶ Brightening up your store may be very simple. Bright paint—rearrangement of fixtures—strict attention to cleanliness of globes—all these may work a surprising improvement. New and modern lighting devices give far greater efficiency and economy of operation. We can tell you of easy alterations that have increased business for stores of any size.

¶ Our lighting specialist will be glad to advise you about ways to improve your business with a brighter store. Just call our nearest office.

SAINT MARY'S SCHOOL AND JUNIOR COLLEGE

Raleigh, North Carolina

MRS. ERNEST CRUIKSHANK, B. S., Principal

●
**Owned by the Episcopal Church of North and South Carolina
Founded in 1842 by the Rev. Aldert Smedes, D. D.**
●

**Ninety-fifth Annual Session
September 14th, 1936—June 1st, 1937**

Saint Mary's School offers for girls and young women a high school course of the highest standard, supplemented by two years of grade A college work, all academic courses fully accredited by the Southern Association. Annual Sessions provide the student with thirty-five weeks of classroom work. Special courses are given in Business, Music, Art, Home Economics and Expression, in which certificates are issued. Two hundred boarding students can be accommodated.

Students, resident in Raleigh, are welcome as day students and may enjoy all the advantages offered by Saint Mary's. The tuition charge for day pupils in the Academic or Business Departments is one hundred and twenty-five dollars for the session.

At Saint Mary's the discipline is intimate but firm, with homelike influences rather than college freedom. The design is to have parents feel that they have a safe, intellectual and inspiring environment for their daughters which will advance them along the right lines into the best type of womanhood.

Saint Mary's aims to promote sound physical development, to preserve good health, to cultivate a refined Christian womanhood, and to maintain the best standards of scholarship.

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

THE CITY DIRECTORY

represents the City and its
institutions in every cor-
ner of these United States

**Are You Properly
Represented In It?**

**The Classified portion
catalogues the professions
and goods handled here**

**ARE YOU LISTED UNDER YOUR PROPER HEADING
SO THE PROSPECTIVE BUYER CAN FIND YOU?**

HILL'S RALEIGH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1936

Copyright, 1936, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

***Between two intersecting streets designate there are no houses between them.

(c) denotes colored.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
